WEB DEVELOPER

PROFILE

I am a self-motivated web developer, with a passion for building innovative, valuable solutions. I proactively challenge my creativity to design and improve user interaction with web applications. Flexible to pick up new technologies and ready to tackle any problem.

PROJECTS

SCROL

[API Integration, Ruby on Rails, Javascript and SCSS](#)

A web application that aggregates content from social networking API's. This app would render relevant and recent feeds on the page, hence the Scrol.

DONATEMATE

[Ruby on Rails, Javascript and CSS](#)

This is an interactive web application for assisting people. This is made possible by pledging and committing to a project. This application is a platform for keeping a record of all pledges allocated to different projects.
